# Customer Focused Management

## INTRODUCTION

- The rise of the Internet, of price-comparison websites, Peer-review websites and especially Social Media has transformed the business environment globally. Traditional points of differentiation have been eroded by search, tap and click. Social Media and peer-review have combined to drive the customer experience as the primary arbiter of strategic differentiation. To win under these new rules, organisations have no choice but to become truly customer focused.
- A customer-focused organisation is grounded in the belief that long-term success depends on a commitment to customer satisfaction throughout the entire organisation. This training programme focuses on what it takes to build the culture, the processes and the relationships that will lead to long-term growth and financial sustainability.
- Leaders are role models in planning, communication, coaching and employee recognition. Their efforts result in increased employee loyalty, greater innovation and improved customer satisfaction. This Customer Focused Management training course covers customer service management responsibilities, from the most fundamental tasks of hiring, training, coaching and teambuilding to quality assurance and leadership skills. This challenging and highly participative programme will focus on creating and managing effective teams, dealing with difficult customers, understanding behavioural styles and proven leadership strategies.

### This training seminar will highlight:

- How to analyze and implement the best practices of top performing customer service providers
- How to utilize proven best practices for measuring and monitoring customer satisfaction
- How to streamline customer interface operations for optimal service levels
