Cash Calls in Oil and Gas Venture Operations

INTRODUCTION

- In oil and gas projects, many of the international and national oil & gas companies are collaborating in Joint Venture (JV), The purpose of a JV is to develop and produce oil and/or gas in an economically viable manner. It also assists oil and gas companies to mitigate the risk existed in different stages of lifecycle of a field.
- Billions of dollars are invested every year in the upstream projects. This huge amount of investments will be done mainly in accordance with the terms and conditions of a Joint Operating Agreements (JOA), which imposes an obligation on all participants to contribute funds to shared activities. Fundamentally, a Joint Venture agreement requires all participants to pay their share of expenses (operating or capital) upon a cash call by the operator; however, should any of the investors fail to pay its share. Such a failure will normally constitute a “Default” under the terms and conditions of the a Joint Operating Agreements (JOA).
