Corporate Social Responsibility

INTRODUCTION

- This Corporate Social Responsibility (CSR) training course provides a way for managers, professional leaders, policy makers, academic professionals and all employees to acquire in-depth insights and critical perspectives on companies' Corporate Responsibility strategies and the knowledge to implement them.
- Corporate Social Responsibility aims at addressing the impact that organisations have on society, the environment and the economy. It is increasingly regarded as one of the most influential non-financial indicators of a company's development, operating style and brand image. The business case for a tailored corporate social responsibility strategy has already been proven: increase in employee retention, efficiencies in the companies' operations often resulting in higher quality products and/or reduced costs, sustainable growth and enhanced investor relations.

This training course on Corporate Social Responsibility will highlight:

- The reasons why every company should integrate CSR into their business operations
- Different approaches to CSR
- How to define and devise a CSR strategy for your company
- Why correctly engaging stakeholders will be key to sustainable growth within a company?
- Upcoming trends and whether or not these can fit into a company's profile
