

GULF INSTITUTE

WINNER OF THE AWARD FOR THE BEST
TRAINING INSTITUTE IN THE GULF

Certificate in Leading Innovation and Organizational Transformation

Why Attend

- Constant innovation is the only insurance against increasing global competition. It is critical for organizations to have leaders that understand the process of innovation and who can successfully navigate their organization through change. Those who are able to innovate and manage organizational transformation will be in a better position to capitalize on the opportunities presented by the ever-changing environment and influence the future that is being created today.
- This course includes the use of Experience Change™ simulation software which is an expert-guided program designed to help participants execute ideas while teaching the essentials of successful change. Backed by over 20 years of research, industry insights and results, the simulation combines proven approaches with hands-on practice in an engaging, low-risk, high-impact experience. Experience Change™ simulates a year-in-the-life of a team leading innovation and transformation in an organization that is facing increasing competition and changing product landscapes.
- In addition to receiving our institute attendance certificate, successful participants will receive a certificate from Experience Point, a leading provider of innovation and organizational transformation guidance based in Canada.

Course Methodology

- This course includes the use of the ExperienceChange™ software that uses a customized case study to demonstrate the different components of innovation and organizational transformation. In addition, the course utilizes individual debriefs, group discussions, role-playing scenarios, videos, and presentations.

Course Objectives

By the end of the course, participants will be able to:

- Demonstrate understanding of the linkage between innovation and organizational transformation
- Quickly turn powerful ideas and solutions into reality
- Lead organizations and teams through the different steps of organizational transformation
