High Impact Internal Audit Leadership

Why Attend

- Today's chief audit executives, their deputies and internal audit managers need to work closely with business leaders, boards, audit committees, peers and their own audit teams. Now more than ever, leadership, stakeholder relations and influencing skills are becoming as important as managing a team, planning and delivering insightful internal audit assurance and consulting engagements.
- This course focuses on the various challenges and opportunities internal audit leaders face and shows how audit leaders can make a contribution at a strategic level, clearly adding value and also enhancing productivity in the audit process.
- This clear, practical and interactive course will help participants improve their awareness and skills and help them become a better internal audit leader who delivers impactful and insightful internal audit work that can make a strategic difference to their organization.

Course Methodology

- A blend of theoretical, technical, discursive and practical approaches. It will include facilitator-led input sessions, and numerous team exercises based around practical internal audit situations, case studies, group presentations, discussions and debates.

Course Objectives

By the end of the course, participants will be able to:

- Demonstrate greater confidence in dealing with senior leaders
