The Oxford Leadership Seminar

INTRODUCTION

- Leadership skills are an extremely valuable commodity and need to be learned (rarely are they naturally acquired). As a leader you are expected to inspire vision, develop commitment, retain staff and lead your team / department / organisation to achieve outstanding performance, thus advancing your career.
- The Oxford Leadership Seminar is one of the most important seminars to attend for professionals who are seeking to develop further their personal Leadership Tool Box. When were you last in a forum of like-minded professionals from a range of industries sharing and exploring some of the emergent thinking on leading in today's fast paced business environment.
- With an ever increasing younger workforce entering the workforce with different expectations than previous generations it is vital for all leaders to refine and finesse how they achieve success through enabling their people to give their best. It is the leaders who set the tone. This dynamic and inspiring training course will provide a comprehensive range of leadership tools which will help you accelerate change in the workplace.
- So, if you are ready to widen your horizons on leadership thinking and, in some cases, unlearn to relearn, then sign up now for this training course.

This training course will enable the participants to:

- Create strong interconnectivity with peers and team
- Significantly compress time to action
- Spend less time achieving more by focusing on priorities
- Create an environment where people thrive and grow
- Develop a personal future proofed leadership development plan
